

Our Wine Philosophy...

At Mount Lofty House, our commitment to providing a dining experience that is greater than the sum of its parts sees an intrinsic commitment to the service of wine and the development of a culture that supports this.

In selecting wines to be served at Mount Lofty House, our focus is on the expression of varietal combined with the integrity and the synergy that can be achieved when matching food and wine. Like the food ingredients that we use, we look for wines that are true to their origin and reflective of the environment in which they have been made. The ultimate celebration of this is in the nuances that each wine highlights; the subtle expression of the grape variety; the vintage; and the wine maker.

As we sit and observe the change of seasons, from warm summers to cool climate winter, we survey the fertile valleys and microclimates, 'the terroir' that make the Adelaide Hills such an interesting climate.

Nestled between the Barossa Valley to our North and McLaren Vale to our south, our wine list features Adelaide Hills selections from pinot noir through to merlot and shiraz, semillon, sauvignon blanc and wonderful cool climate chardonnay.

Whilst we offer an extensive wine list, it is our ability to match wine to each course that allows us to fully realise our philosophy. In this way, the wine and food combinations lift both elements to another level and allow for a progression of tastes and textures throughout the meal.

Enjoy our fresh air, make yourself at home and embrace the pleasure of country living...
