Our wine philosophy...

As a country house it is vital that our great food is matched with a great wine list, all to be enjoyed in a relaxed environment with good company.

As we sit and observe the change of seasons, from warm summers to occasional snow in winter, we survey the fertile valleys and microclimates, "the terroir" that make the Adelaide Hills such an interesting region.

Nestled between the Barossa Valley to our north and McLaren Vale to our south, our wine makers work with Pinot Noir through to Merlot and Shiraz, Semillon, Sauvignon Blanc and wonderful cool climate Chardonnay.

So, how does this list work? We simply offer a range of varieties focussing on our region as well as benchmarks from noted appellations from around the world.

Hence a Sauvignon Blanc from down the road in Balhannah, Marlborough in New Zealand and Loire Valley in France.

All wines show regional characteristics in winemaking style for the particular grape variety. The price structure of the wine list is also considered to provide a balance in proportion to quality and choice. The wines are selected to reflect our region, our philosophy, our restaurant and our style.

We take the issue of personal wellbeing and environmental respect seriously. We include organic produce wherever possible on the wine list in addition to our menu. To compliment these elements, from the tap is our very own spring water for you to enjoy.

Enjoy our fresh air, make yourself at home and embrace the pleasure of country life...
