

## ARTHUR WATERHOUSE LOUNGE

Arthur Waterhouse was the second owner of Mount Lofty House. Like Waterhouse, the menu is relaxed and suited to sharing amongst friends. Produce is sourced 'Valley to Verandah' with a focus on the Adelaide Hills. Our menu in the lounge bar is a collaboration between our kitchen team.

"I met my wife Hyun when we were both apprentices and one of the first dishes that we learnt about and cooked together was the Chocolate Mousse. I still remember our delight at making our first 'western' dish at home. Since then we are married and I now have a beautiful daughter named Channy. When I took over HVR in my first Head Chef role, I wanted to put on a dish which had a special significance for me. The 'Whipped Chocolate' on my current menu is for Hyun. It is my take on a timeless classic and also a fond reminder of the time we began our personal and culinary journeys together."
