OUR HOME - The Adelaide Hills

A SHORT HISTORY

Mount Lofty – the highest point in the Adelaide Hills – was named by Matthew Flinders when he circumnavigated the coastline of Australia in 1802. Settlers to the area soon followed from England, Scotland, Wales, Ireland and Germany and many established villages such as Stirling, Crafers and Bridgewater. The cool, green park-like environment of the hills reminded them of home.

Arthur Hardy later planted the first vineyards in the Adelaide Hills right here at Mount Lofty House with Red Madeira. From there the Adelaide Hills Wine Region was born.

Jump forward to the 1970s and 1980s and enter a new group of pioneers including Brian Croser (Petaluma), Stephen George (Ashton Hills), Michael Hill Smith and Martin Shaw (Shaw & Smith) and Geoff Weaver. Over the next 30 years the region became known for its premium, cool-climate wines.

More recently it has become a mecca for small artisan winemakers keen to produce elegant, long lasting European style wines and push the boundaries to new heights. The Basket Ranges kinfolk certainly smash those boundaries with a range of styles emerging from their corner of The Hills, such as minimal-intervention, natural and orange wines.

Head south to Gumeracha, Ashton and in to Piccadilly Valley and you'll meet chardonnay fanatics and pinot-philes alike. Nebbiolo from Gumeracha is not to be dismissed either, but leap to the opposite end at Macclesfield and you'll not only discover this grape in abundance surrounded by brilliant shiraz. We also mustn't forget that Méthode Traditionelle Sparkling is truly alive and well throughout these hills.

Quite simply, our wine-folk are a passionate breed that hone their skills to achieve the very best that the Adelaide Hills has to offer!

FOREWORD

Arthur's Wine Cellar heroes all that was, is and is set to emerge from this exciting region.

Dine with us for a long story degustation and we will take you on a journey through the Adelaide Hills. From the exciting place that is The Basket Ranges, through emerging varieties that respect our rich European heritage (hallo Grüner Veltliner!). We will honour a rich history of cool-climate Chardonnay and Pinot Noir right on our door step, Nebbiolo's from north (Gumeracha) and south (Macclesfield), that's not to forget championing Syrah and Cabernets that are elegant and oh so tasty.

In South Australia, we are a parochial lot and can't help being a little biased about what we do. As a result, we have carefully selected our list to provide a comparative of what we do here with the best of our national and international wine regions. We'll let you be the judge...

SAKE

In recent years Sake, Japan's most singular contribution to the world of fine beverages, has assumed a permanent place in Western dining culture. Simultaneously, Japanese ingredients and cooking techniques have infiltrated Western kitchens. As they have here, at Hardy's Verandah Restaurant.

We would like to thank Matt Young of Black Market Sake for his sourcing of these unique, expressive and delicious Sake and offer this small artisanal selection for your delectation. We are also proud to present these Sake in bespoke serving ware designed and made for us by Nick Mount, a local glass artist of world renown.

Kanpai!

Yamahai	A method of using a yeast starter for the brew
Muroka	No charcoal filtration
Nama	Unpasteurized
Genshu	Undiluted
Kimoto	A traditional fermentation technique
Usunigori	Lightly Cloudy

Tōji Sake

Melbourne based founders Yuta and Shar Kobayashi, Tōji Sake is the embodiment and love of all things Japanese. Born in Japan, Yuta fondly recalls time with his Ojiichan (grandfather) in Ibaraki. With his daily ritual of enjoying an afternoon glass of sake, Yuta's grandfather passed on an appreciation for the timeless virtues of sake, born of tradition and refined over centuries. As a symbol synonymous with Japan, the brewing of sake is held to exacting standards to protect its quality and integrity. Every drop of Tōji Sake has been handcrafted using traditional techniques, with their Tōji (Brewmaster) bringing over 40 years of experience.

Tōji selects only the finest ingredients and brewed in the Niigata Prefecture – an area of Japan synonymous with high quality sake. The pristine waters of the Asahi mountain range, coupled with premium rice combine in perfect harmony to create a crisp, well-balanced sake.

SPARKLING WINE

SPLURGE!

Sparkling Burgundy. Splurgundy. Splurge!

Could there possibly be a more forthrightly Australian contribution to the world of fine wine than this? Take a full-bodied dry red wine then give it the Champagne treatment to produce this ambrosia that is at once both rich and delicate. A must at every self-respecting South Australian's Christmas Day spread but, sadly, little appreciated elsewhere or at other times.

PROSECCO!

The joy of Prosecco lies in its drinkability and deliciousness. In the hills of Cartizze, in Valdobbiadene and Conegliano they have been making Prosecco for generations; While the Glera grape grows elsewhere, if you ask any Italian they will tell you this is not Prosecco.

CHAMPAGNE

France's most celebrated and celebratory wine region - whose very name is a synonym for the good life – is undergoing a renaissance. Once completely dominated by large houses - the Grand Marques - it is enjoying an explosion in the number of independent grower producers who are challenging the status quo and re-defining what Champagne is. Rather than sell their fruit to the Grand Marques, they are electing to make their own distinctive and regionally expressive Champagne.

Grower Champagne. A new idiom for the Old World. We are pleased to offer a selection of both Grower and Grande Marque Champagne for your enjoyment.

The small house today is directed by Pierre and Sophie Larmandier, who own just under fifteen hectares in some of the finest villages on the C te des Blancs: Cramant, Chouilly, Oger and Avize (all Grand Crus), as well as in the fine premier cru village of Vertus.

GRANDE MARQUES

Ayala

Ay, Vallée de la Marne

One of the original grand marques, Ayala was founded in 1860 by Spanish aristocrat Edmond d'Ayala. Ayala is often described as 'feminine' in style. This is due to a higher percentage of Chardonnay in the blends; the purity that low dosage brings and fermentation in stainless steel tanks to retain freshness and pristine characters. Ayala has an enviable supply of Grand and Premier Cru fruit with an extremely high rating on the echelle de crus. Interestingly, Ayala's haute couture dry blends are crafted by one of the few female cellar masters in Champagne, Caroline Latrive.

Watervale, SA

Planted in Watervale, Clare Valley in 1962 by Leo Buring, the Florita Vineyard is largely responsible for some of Australia's most celebrated Rieslings, bottled under his eponymous label. Acquired by Jim Barry in 1986, and subsequently bottled under his label since 2004 as a named single vineyard wine, it remains an archetypal expression of classic Watervale Riesling.

GIANT STEPS SINGLE VINEYARDS

Yarra Valley, VIC

One of the most anticipated and highly sought Australian pinot noir releases each year. These single vineyards have grown a cultish status over their short history.

| 2018 | Giant Steps Applejack Vineyard | 115 |
| | <i>Applejack Vineyard is located in the Upper Yarra Valley, to the south-east of the traditional valley floor. The vineyard is located on a dramatic, north-east facing slope with closely planted vines. The wine is acid-driven, light and fragrant in style and has a sense of sleekness from fine pinot tannins.</i> | |
| 2018 | Giant Steps Primavera Vineyard | 115 |
| | <i>Primavera Vineyard produces a pinot from the MV6 clone in the Upper Yarra Valley. This is the juicier of the Upper Valley pair and is enticingly fragrant, delivering a palate of satin smooth red fruits and spices.</i> | |
| 2018 | Giant Steps Wombat Creek Vineyard | 115 |
| | <i>Wombat Creek Vineyard is the highest altitude vineyard in the Yarra Valley. The underlying ferrous based volcanic soil and rock produce a distinctively soft yet long and firm palate. Loaded with sweet red berry fruits, spiked with green herbs and a touch of truffle/mushroom.</i> | |

MOUNT MARY

Yarra Valley, VIC

Mount Mary was one of the first vineyards planted in the resurgence of the Yarra Valley as a premium wine producing region. In the 1960's John and Marli Middleton, driven by a passion for fine table wine, made many visits to Bordeaux and Burgundy and soon became hooked on premium French wines. As such, these pinots are driven to replicate those Burgundies that they fell in love with.

CHARLES MELTON WINES

Barossa Valley, SA

Chateauneuf du Pape, the region of France upon which Nine Popes is based, when translated to English means "Castle of the new Pope", as it was the home to the alternate papacy in the 13th Century. But in many of the old languages the word "neuf" can mean both "nine" and "new". Problem was, Charles' French skills were a tad light on (non-existent!!) when taking inspiration for the name of this wine and he thought Chateauneuf du Pape meant home of the "Nine" Popes...

While single vineyard shiraz bottlings have a lengthy history in Australia going back to 1952 and the first bottling from the Hill of Grace vineyard by the Henschkes, the focus on wines from various sub regions within districts like the Barossa Valley is a fairly recent phenomenon. Rockford's first SVS shiraz bottlings came from the 1996 vintage, almost a full decade before other wineries followed their lead.

In 1964 the Barry's purchased 70 acres of prime river flats from Duncan McRae Wood in the Armagh area of Clare. This property would go on to be the foundation of their red wine production. Jim Barry planted the 3,3 hectare Armagh Vineyard in 1968 with Shiraz grapes. It has since gone on to achieve extraordinary success and is regarded as one of Australia's highest quality wines. THE EMPEROR

Emperor Napoleon III requested a classification system for France's best Bordeaux wines in 1855 to be on display for visitors from around the world. The result was the Bordeaux Wine Official Classification of 1855 when Brokers from the wine industry ranked the wines according to a château's reputation and trading price, which at that time was directly related to quality. Today producers are still ranked in importance from first to fifth growths (crus).
