# OUR HOME

## The Adelaide Hills

### HISTORY

*Mount Lofty – the highest point in the Adelaide Hills – was named by Matthew Flinders when he circumnavigated the coastline of Australia in 1802. Settlers to the area soon followed from England, Scotland, Wales, Ireland and Germany and many established villages such as Stirling, Crafers and Bridgewater. The cool, green park-like environment of the hills reminded them of home.*

*Arthur Hardy later planted the first vineyards in the Adelaide Hills right here at Mount Lofty House with Red Madeira. From there the Adelaide Hills Wine Region was born.*

*Jump forward to the 1970s and 1980s and enter a new group of pioneers including Brian Croser (Petaluma), Stephen George (Ashton Hills), Michael Hill Smith, Martin Shaw (Shaw & Smith) and Geoff Weaver. Over the next 30 years the region became known for its premium, cool-climate wines.*

*More recently, it has become a mecca for small artisan winemakers keen to produce elegant, long lasting European style wines and push the boundaries to new heights. The Basket Range kinfolk certainly pushes these frontiers with a range of styles offering elegant, fresh wines from organic provenance made with native yeasts and minimum sulphites. These are wines of terroir reflecting the natural site of the vineyard and capturing the essence of the Hills.*

*Head south to Gumeracha, Ashton and into Piccadilly Valley and you'll meet Chardonnay fanatics and pinot-philis alike. Nebbiolo from Gumeracha is not to be dismissed either, but leap to the opposite end at Macclesfield and you'll not only discover this grape in abundance surrounded by brilliant Shiraz. Last but not least, Méthode Traditionelle Sparkling and Pétillant Naturel (Petnat) are truly alive and well throughout these hills.*

*Quite simply, our wine-folk are a passionate breed that hone their skills to achieve the very best that the Adelaide Hills has to offer, and we are proud to call this place home.*

### PHILOSOPHY

*The natural cellar underneath our restaurant is home to some cult wines from the great vintages of South Australia, Australia and the European classics. We also have an extensive selection of some of the most interesting alternate varieties.*

*Even if we live and breathe local, when it comes to wine, we strongly believe in diversity, therefore we curate our list to support our growers, winemakers and suppliers from across Australia who work tirelessly to provide sommeliers with wines that are a narrative to the global landscape in which we are evolving.*

*A winelist is, foremost, a story telling of all the various geographic viticultural regions; it reflects the Head Sommelier's vision to capture the essence of her passion for the industry and an essential tool to pair with the fine South Australian cuisine thoughtfully crafted by our Executive Head Chef, Jin Choi. It is home to a growing representation of some cellared and museum wines that we want to see age beautifully over the years. The list is a book in progress of human stories, travels and experiences. We invite you to embark on a journey that will inspire you to explore deeper.*

*Head Sommelier – Liinaa Berry*

## SPARKLING

150ml

2016	Sequoia Brut <b>Méthode Traditionelle</b> Pinot Noir Chardonnay, Adelaide Hills SA	20
2017	Ashton Hills <b>Méthode Traditionelle Sparkling Rosé</b> Pinot Noir, Adelaide Hills SA	22
NV	Chartogne-Taillet <i>Cuvée Sainte Anne Extra Brut</i> Chardonnay Pinot Noir, Merfy	34

*Decanter dubbed him, "One of Champagne's brightest rising stars." His wines are richly flavoured yet precise and offer a clear reflection of the terroir he farms. Since 2006, after a 'stage' with Anselme Selosse, he has managed his sites with organic practices. St Anne has an expressive nose of tart Tatin, brioche, preserved lemon and aniseed. It is full and creamy in the mouth, with a vinous grapiness and plenty of spice. The finish has a puff of chalk and is bright and energetic, with superb textural richness. Dried pear, chamomile, mint, dried flowers are some of the many notes that run through this super-expressive Champagne. This release is base 2017 and reserve wines from 2016 and 2015, blend of 40% Pinot Noir, 40% Chardonnay, 20% Pinot Meunier. Dosage is 5.15grams/litre. Disg. February 2020.*

2019	Gentle Folk Ashton Chardonnay, Adelaide Hills SA	25
2018	Sandhi Santa Rita Hills Chardonnay, California USA	32
2017	Domaine Rolet L'Etoile Chardonnay, Jura France	28

*This elegant Chardonnay is a great introduction to the wines of the Jura region. This example is closer in freshness to the wines of Chablis and does not have that typical oxidative character you usually find with Jura whites. There is quite an intense salinity but it is balanced by some nuttiness and gingery spice. Pale gold in appearance with notes of dried orchard fruits, almonds and hazelnuts. The palate is textural with superb tension and a long mouth-watering finish!*

2018	Salomon Undhof Alma Amphora Riesling, Kremstal Austria	26
------	--	----

*This wine stayed on its skins in Georgian amphoras for five months. It opens with an attractive quince bouquet on the nose, whereas the palate is juicy and aromatic but also filigreed like a Mosel Riesling, possibly also some delicate residual sweetness. Very pleasant and again with quince and apricot aromas. A different but delicious expression of Riesling.*

2017	F.X. Pichler Ried Liebenberg Smaragd Grüner Veltliner, Wachau Austria	49
2017	Domaine Ostertag Les Vieilles Vignes de Sylvaner, Alsace France	24

# SAKE

	県 Prefecture	60ml	120ml	240ml
<b>Heiwa Shuzo Tsuru-ume Yuzushu</b>	Wakayama	14	28	56
<i>This Yuzushu is made with a one-year-old Junmai Sake and Yuzu juice, at a 1:1 ratio. This is higher than most Yuzushu produced elsewhere. The yuzu fruit is grown in Wakayama and is juiced with its peel, giving all the qualities of the fruit, sweet, sour &amp; bitter. This example has a marvellous full aroma of fresh yuzu, with a zesty, citrus tart character and a fruit sweet and fresh finish.</i>				
<b>Tōji Sake Junmai Daiginjo (50% polished)</b>	Niigata	16	28	56
<b>2017 Mii No Kotobuki ‘Biden Kojo’</b>	Fukuoka	16	32	64
<i>Made using natural yeast and local rice Kokuryo Miyako polished to 70%, the ‘Biden Kojo’ shows an elegant savoury nose. On the palate, there is straw and melon character with a balanced texture and a hint of grip. This is all supported by a backbone of fine acidity.</i>				
<b>2018 Akishika Shuzō ‘888’</b>	Osaka	18	40	80
<i>Organic rice grown by the Toji himself, the ‘888’ is created by Hattan Nishiki rice polished to 80%. The use of No.8 yeast is very unique as it is a strain that has disappeared in Sake production today. A complex layered Sake that offers great texture with bright acidity and warm spice. Long, long complex finish.</i>				
<b>2011 Akishika Shuzō Kobo #7</b>	Osaka	19	38	76
<i>This is a special limited edition of the Kobo #7, that has been specially aged at the brewery for 7 years before its release in 2018. Made with Yamada Nishiki often given the moniker ‘King of Sake Rice’, polished to 70%. This shows a rich, complex character. Kobo #7 has a honeyed aroma and a complex palate with initial sweetness that is followed by a spicy, savoury mid palate and a long dry finish.</i>				
<b>2018 Miyako-Bijin Shuzō ‘Kumo no Miyako Bijin’</b>	Awaji-Shima	17	34	68
<i>‘Kumo no Miyako-Bijin’ is made with a traditional yamahai ferment to give a robust palate full of umami. There has been no charcoal filtration or pasteurization so that the Sake retains its full character. Traditional Tenbin Shibori slow wooden pressed. The Gohyakumangoku rice is polished to 65% to create a lovely fragrance, fresh palate and dry finish. Sweet spiced melon and apple fruit with clean and refined texture full of umami.</i>				
<b>2016 Naka Shuzō ‘Asahi Wakamatsu’</b>	Tokushima	24	48	96
<i>From organically grown famous Omachi rice polished to 65% and 70%, this Sake is rich in flavour and character and some of the most sought after Sake because of its quality and rarity. This impeccable Sake is richly layered with amazing depth of flavour and a spicy textural finish.</i>				
<b>2000 Mukai Shuzō ‘Natsu no Omoide’</b>	Kyoto	28	56	112
<i>Fermented in 2000 using a rare strain of yeast known as the ‘100 year yeast’. Toji Kuniko Mukai formulated a plan to brew Sake with this yeast by using the Gohyakumangoku rice polished to 70%. The outcome of this fermentation created a vibrantly rich and acidic style of Sake that Kuniko decided to age for many years. 20 years later, you can now enjoy an oxidative Jura-esque style with a complex nose and palate of sweet and sour apricot, prune and vanilla. The finish has woody and bitter caramel nuances.</i>

### Champagne

France's most celebrated and celebratory wine region - whose very name is a synonym for the good life is undergoing a renaissance. Once completely dominated by large houses - the *Grandes Marques* - it is enjoying an explosion in the number of independent grower producers who are challenging the status quo and re-defining what Champagne is. Rather than sell their fruit to the Grand Marques, they are electing to make their own distinctive and regionally expressive Champagne. Grower Champagne. A now established and flourishing idiom for the Old World - slick new labels and progressive minds. We are pleased to offer a selection of both Grower and *Grandes Marques* Champagne for your enjoyment.

*The Champagne Les Revenants was born from the idea of Étienne Calsac who, in 2010, decided to plant in the lieu-dit of "Les Fours" - a historical family plot in Côte de Sezanne - three rare varieties in the Champagne region: Pinot Blanc, Petit Meslier and Arbanne. Six years later, driven by curiosity, Étienne decided to vinify these lesser-known grapes for the first time with a single 600-litre barrel for 7 months which later rested 24 months on its own yeasts. This rare and exceptional Champagne is dedicated by Étienne to its ancestors who have built the solid foundations of his domaine. Only 800 bottles.*

<i>One of the original grand marques, Ayala was founded in 1860 by Spanish aristocrat Edmond d'Ayala. Ayala is often described as 'feminine' in style. This is due to a higher percentage of Chardonnay in the blends; the purity that low dosage brings and fermentation in stainless steel tanks to retain freshness and pristine characters. Ayala has an enviable supply of Grand and Premier Cru fruit with an extremely high rating on the echelle de crus. Interestingly, Ayala's haute couture dry blends are crafted by one of the few female cellar masters in Champagne, Caroline Latrive.</i>

*The dry white wine from Chateau d'Yquem. This of 75% Sauvignon Blanc and 25% Semillon, picked September 5th to 13th. The wine was aged 80% in second year Yquem barrels and 20% in new oak. It has 7 grams per litre of residual sugar. Finely balanced, with a vibrant, lifted and floral nose reinforced with juicy peach and passionfruit. Notes of honeysuckle and a lightly waxy texture are cleansed by refreshing acidity which brings higher toned lemon blossom and grapefruit through. Lightly spicy and smoky, the oak is subtle, integrated and supportive rather than dominant, with a light touch that adds complexity of sweet vanilla and savoury nutmeg. The finish is long, fine and precise.*

## LOIRE VALLEY CHENIN BLANC

### *Our Obsession*

*There is no other white grape variety that gives us as much excitement as Chenin Blanc does. The greatness of this grape comes from its versatility, its purity and its ability to express different terroirs with incisive precision. It is also*

*one of the most age worthy whites, with a flavour profile that will grow in complexity with time. Some of the most striking elements of this godsend grape is its natural acidity and intense minerality. We often think of Chablis or Riesling from the Mosel when we talk of minerality, and Chenin Blanc sits amongst the same royalty when it is grown in some of the greatest terroirs.*

*When Chenin Blanc is grown on chalky and steep rocky soils such as silex, it makes a flinty wine with more vertical and mineral depth. The energy and purity of these wines are undoubtedly some of their most unique qualities.*

*When it grows on clay and limestone, the wine tends to have a more rounder fruit driven appeal with some açaña and ripe orchard fruits, giving it more richness and mouthfeel.*

2017	François Chidaine Montlouis-sur-Loire Les Choisses, Touraine (tuffeau)	200
2017	François Chidaine Montlouis-sur-Loire Les Bournais, Touraine (clay limestone)	220

*The 2017 Montlouis Les Bournais conveys a fabulous interplay of richness and airiness that is compelling. Orchard fruit, chamomile, almond, sage and lightly honeyed notes all grace this wonderfully expressive, lifted white. Les Bournais sits at the inflection point between Chidaine's sec and tendre wines, and while it has plenty of depth, its sweetness is not especially prominent.*

2016	Sebastien Riffault <i>Sancerre Akmenine Sauvignon Blanc</i> , Loire Valley France	135
2010	Sebastien Riffault <i>Sancerre Sauletas Sauvignon Blanc</i> , Loire Valley France	195

*Riffault's Sauvignon Blanc will change the way you think about Sancerre. This is not your typical mineral inflected lighter zippy white. Sebastien harvests the grapes late in October, as opposed to most producers in the region who pick early. The grapes are ripe but also affected by Botrytis but that does not make them sweet, but rather, they are deeply aromatic as the wine is fermented until it reaches dryness.*

*The Akmenine is 30% Botrytis affected and pressed directly. No sulphite is added at any point during the winemaking. The wine is aged in tank for two years and another 12 months in old barrel before bottling. Notes of chamomile, tangerine, spiced apricots and honey.*

*The Sauletas comes from vines of 50 years average, and the soils are Kimmeridgian limestone. 50% botrytis. Aged for two years in tank and then one year in old wood. Never fined or filtered. Zero SO2. Brilliant colour. Orange and iridescent. Delicate mandarin and cumquat rind spray. Saline, limestone, very clean.*

### DOMAINE DES ARDOISIÈRES

Savoie, France

#### *Ultimate Mountain Wines*

*Domaine des Ardoisières is the reference when it comes to Savoie. Since founded in 1998, these wines have reached cult status. Terroir driven, these wines aren't masked by new oak, they are a true expression of the place, the soils and the variety. The vines sit on impossibly steep, terraced slopes from incredibly remote vineyards at the foot of the Mont Blanc and the conditions in which they are grown and harvested are pretty extreme, hence giving birth to extraordinary wines.*

*The purity expressed in the wines is striking and will seduce you without a doubt.*

#### **Whites**

2018	Domaine des Ardoisières Silice <b>Jacquère</b>	110
2018	Domaine des Ardoisières Argile Blanc <b>Jacquère Chardonnay Mondeuse Blanche</b>	150
<i>If you familiar with and love the wines of Chablis, you will find pleasure in Argile Blanc. Similar but with slightly more texture, it is charged with electric energy. Nervy with a saline edge offering scents of flinty notes and quite profoundly mineral.</i>		
2018	Domaine des Ardoisières Schiste <b>Jacquère Roussanne Malvoisie Mondeuse Blanche</b>	245

#### **Reds**

2018	Domaine des Ardoisières Argile Red <b>Gamay Mondeuse Noire Persan</b>	175
2017	Domaine des Ardoisières Améthyste <b>Persan Mondeuse Noire</b>	345

*From rocky soils, Mondeuse Noir makes explosive and brambly wines with lovely spicy aromatics with slippery tannins that give an irresistible silky finish.*

## TAPANAPPA

### *Adelaide Hills Classic Chardonnay*

*Located in sight just below our perch here on Mount Lofty, in the postcard perfect Piccadilly Valley is the Tiers Chardonnay Vineyard. A living South Australian viticulture icon and treasure.*

*First planted by Brian Croser in 1979 with further plantings in 1981 it remains one of the oldest and most favorably sited vineyards in the Adelaide Hills, consistently producing superb renditions of this, the premier white variety for the Hills, Chardonnay.*

#### **Tapanappa 1.5m Tiers Vineyard**

*In 2003, the 1979 planting was ripped up and replanted with different clones on a tight 1.5M<sub>2</sub> spacing between vines, then trained on a low fruiting wire, adopting Grand Cru Burgundy viticultural best practice. Vinification is identical to The Tiers. 2015 is the inaugural release of this separate bottling.*

## *Chablis – William Fèvre, a horizontal tasting!*

*Interpretation of the different vineyards of Chablis – a horizontal tasting of vintage 2018 of famed producer William Fèvre – tasting and notes undertaken by Wine Director Liinaa Berry.*

*Chablis is a region well known for its Kimmerigean soils across all vineyards, except with a bigger proportion of Portlandian soils in Petit Chablis. So what actually differentiates the taste of the wines from one vineyard to another in Chablis is the exposition and how steep the vines are sitting.*

*First of all, vintage 2018 was a much warmer year than 2017 and even warmer than 2016.*

*There wasn't as much frost and hailstorm neither, quite a lot of rain during winter with a very warm summer. 2018 is a year of generosity, a vintage you probaly want to drink before some 2016 and the much cooler 2014 vintage.*

### **2018    Vaillons Premier Cru** 185

*This vineyard is more on the fruit than the mineral side. It is opulent and rich thanks to the good exposure of the vines to the sun, this taste more like a Burgundy than a Chablis.*

### **2018    Montmains Premier Cru** 195

*Montmains in the premier cru vineyard on the opposite exposition of Montée de Tonnerre and is a more feminine expression. There is more finesse. Notes are quite floral with white flowers and the freshness of spring flowers rather than ripe orchard fruits.*

### **2018    Fourchaume Premier Cru** 230

*This vineyard is closer to Vaillons in taste but has more peach, pear and candied citrus than Les Lys and Montmains. It is more opulent than Vaillons with a densely packed body thanks to the more chalky clay soils present on the right bank of the river giving a richer taste to the wine.*

### **2018    Vaulorent Premier Cru** 275

*Vaulorent is situated next to Les Preuses Grand Cru. It strikes the perfect balance between Mont de Milieu and Montée de Tonnerre. Even if Vaulorent is sitting next to where all the Grands Crus start, the vineyard isn't facing south, it is instead facing slightly west, so it doesn't have the same depth as the Grands Crus vineyards. That being said, for a premier cru, it is excellent and has great potential to age.*

### **2018    Montée de Tonnerre Premier Cru** 265

*This is on the other side of Fourchaume from across the Grands Crus coteaux. More balance between fruit and minerality, showing both restraint and power but slightly lacking depth due to youthfulness.*

### **2018    Valmur Grand Cru** 395

*Valmur seems to encompass both the richness of Vaudésir and the minerality of Bougros, therefore it is not as rich as Vaudésir.*

### **2018    Vaudésir Grand Cru** 395

*Slightly bigger than Bougros, it is facing plain south. The wine is vinous, has more honeyed aromas and satin-like texture without the piercing minerality. The minerality comes across in a more expansive manner !*

### **2018    Bougros Cote de Bouguerots Grand Cru** 450

*This is a vineyard owned by two producers only. William Fèvre owns half of it. It is a very steep vineyard which means that the water never stays in the soil as opposed to Bougros, which is why there is more iodine and saltiness in Bouguerots.*

### **2018    Les Clos Grand Cru** 485

*The most complex of them all. The strength of the terroir really shows in this wine. Full of poise!*

### **2016    Les Clos Grand Cru** 415

## France - The Great Whites Of Burgundy

### Bourgogne Regional

2018	Alice and Olivier de Moor <i>Bourgogne Chitry</i>	165
<i>Chitry is a white wine appellation that lies adjacent to the Chablis appellation and shares with it, the wonderful limestone terroir. The electric energy in this wine is of premier cru quality. It has superb length and minerality. Its fermentation being in used oak barrels, renders a small pleasant butteriness that contours the finish.</i>

2018	Domaine de La Cadette <i>Vézelay La Châtelaine</i>	130
<i>This recently upgraded appellation is one of the most flavoursome and value Burgundy you can find around. There is great purity with a mineral inflection that reminds us of the wines of Chablis. The crystalline nature of this wine calls for oysters, raw fish and mild chicken dishes – a lunch wine that'll wake you up, an afternoon pool side wine that'll replenish you or simply, a wine gorgeous on its own.</i>

### ***Pinot Noir Lovers – what else can you drink?***

*The rise of alternative varieties gives you plenty more options certainly, but it can also be tricky to identify which one you will enjoy. If you love Pinot Noir, you will most likely enjoy varieties that are lighter to medium bodied, beautifully scented, fruity with red fruits such as raspberry and cherry. Other varieties that you should try if you like lighter Pinot Noir generally are:*

***Gamay (Beaujolais), Pinot Meunier, Ploussard (Jura), Trousseau (Jura), Nerello Mascalese (Sicily), Sciacarello (Corsica), Grolleau (Loire), Pineau d'Aunis (Loire), Nebbiolo (Piedmont), Grenache (Blewitt Springs), and plenty more.***

### DRINK GAMAY!

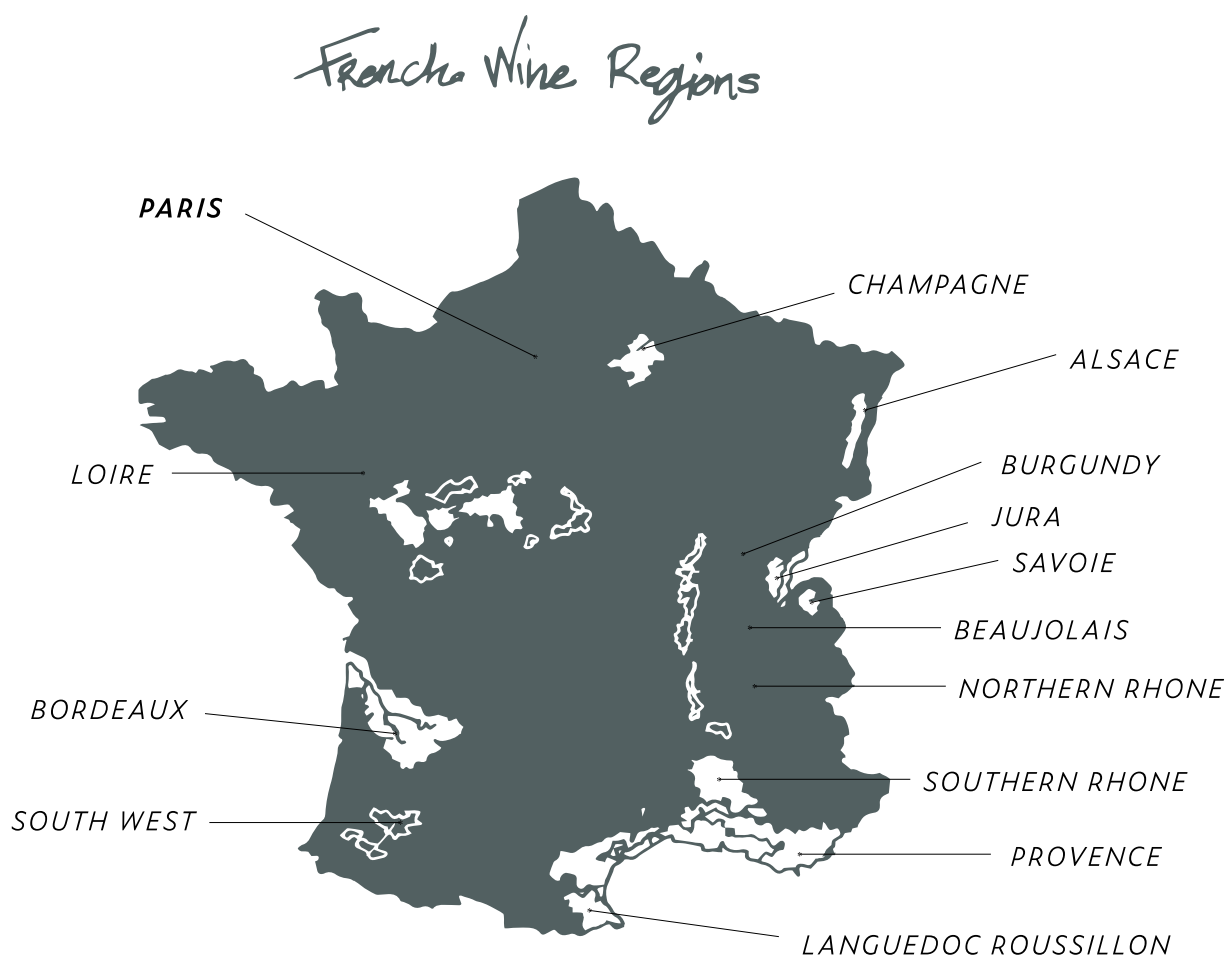

**JEAN FOILLARD BEAUJOLAIS** – *One Of The Leading Cult Producers in France.*

*Early on, Jean began to follow the teachings of Jules Chauvet, a traditionalist who defied everything that the more commercial brands were touting in the region. Jean and three other local vignerons, Marcel Lapierre, Jean-Paul Thévenet, and Guy Breton, soon joined in on the movement.*

*This Gang of Four, as Kermit Lynch christened them, called for a return to the old practices of viticulture and vinification: starting with old vines, never using synthetic herbicides or pesticides, harvesting late, rigorously sorting to remove all but the healthiest grapes, adding minimal doses of sulfur dioxide or none at all, and refusing both chaptalization and filtration. The end result allows Morgon to express itself naturally, as it should be without the bubblegum and banana aromas of so many other Beaujolais available today. Its rustic structure, spicy notes, and mineral-laden backbone are what real Morgon is all about.*

### MOUNT MARY

### Yarra Valley, VIC

*Mount Mary was one of the first vineyards planted in the resurgence of the Yarra Valley as a premium wine producing region. In the 1960's, John and Marli Middleton, driven by a passion for fine table wine, made many visits to Bordeaux and Burgundy and soon became hooked on premium French wines. As such, these pinots are driven to replicate those Burgundies that they fell in love with.*

Ripe, concentrated black fruits and fine-grained tannins saturate the palate and surge into a long, gripping finish with stony, meaty bass notes and a glowing ripe fruit intensity.*

The layers unravel with mint and sage, some cedar and tobacco with some prominent mineral undertones that drive the wine to a core of dark fruit. It is generous, rich and has a sense of freshness about them. It is good to note that in 2016, Roberto Conterno did not bottle his flagship Monfortino as all the casks were blended for the Francia.*

### HENSCHKE HILL OF GRACE

### Eden Valley, SA

*Sourced from the 4ha single vineyard shiraz planting at Parrot Hill, Eden Valley. The first vines on the Hill of Grace vineyard were planted by Nicolaus Stanitzki in 1860, the same year a beautiful church was built in the village. Cyril Henschke first created Hill of Grace in 1958. An Icon.*

## GREENOCK CREEK WINES

## Barossa Valley, SA

*When Kieron received us at this beautiful small cellar door, we were immediately charmed by the rustic cottage house setup they have as a tasting room. The wines were befitting of the place. Luscious with tons of fruits – very much typical of the Barossa – ripe with spice. The tannins were seamless on all the wines we tasted. These wines are simply gorgeous and Kieron's jaw-dropping knowledge of the history of the settlement of the Barossan wine community heightened our experience as well as gave a true dimension to the individual wines. They are all different but all had something in common too; you could tell there is a style true to Greenock Creek with these notes of liquorice, baked cherries, cassis, blackberries and stewed rhubarb.*

## Barossa Valley, SA

*Encompassing everything the Samuel & Sons family stands for and the perfect representation of their history and ethos, The Signature is a sentimental favourite. A classic Australian blend of Cabernet Sauvignon and Shiraz, the first vintage release of The Signature was in 1962. Since then, this outstanding wine has acknowledged more than 57 Signatories; people who have enhanced the traditions and culture of Yalumba.*

*The majority of the Cabernet Sauvignon components were sourced from four vineyards in the Barossa Valley. The diversity of their vineyard selection provides the rich, lifted Cabernet Sauvignon aromatics and palate structure for which The Signature is renowned.*

*The Shiraz components include plantings of varying vine age, the oldest were planted in 1925. Matured for 21 months in 28% new French barriques, Hungarian and American hogsheads, balance in older French, Hungarian and American barriques and hogsheads.*

2016	Yalumba The Signature	175
------	-----------------------	-----

*The Cabernet Shiraz shows precise aromatics and is classically rich through the middle palate with exotic florals, cranberry complexity and dark chocolate. A full-bodied wine complemented with a long, flowing, precise tannin profile. A wine that truly reflects the generosity and refinement of the 2016 vintage. Very stylish.*

*Outstanding colour displaying a saturated inky black core with a very deep dark purple black hue. Aromas of perfectly ripened blackcurrant mingle with hints of liquorice and blackberries over a backdrop of subtle tobacco, earthy vanillin cedar and spice. The palate is awash with blackcurrant fruit that sits alongside inky blackberry and traces of liquorice tightly wrapped up in a sturdy firmly built structure that bodes well for long term cellaring. Nuances of earthy vanillin cedar, faint tobacco and spice are also present on the back palate. Firm yet refined tannins. Excellent depth of fruit with a long ripe blackcurrant, inky blackberry, liquorice, earthy vanillin cedar and spice aftertaste.*

## France – The Great Bordeaux Reds

Emperor Napoleon III requested a classification system for France's best Bordeaux wines in 1855 to be on display for visitors from around the world. The result was the Bordeaux Wine Official Classification of 1855 when Brokers from the wine industry ranked the wines according to a château's reputation and trading price, which at that time was directly related to quality.

Today producers are still ranked in importance from first to fifth growths (crus).

*The Chateau Haut-Bailly is a blend of 50% Cabernet Sauvignon, 47% Merlot and 3% Cabernet Franc. The bouquet is crisp and displays fine purity with blackberry, a touch of cassis, crushed stone and a touch of oyster shell. It has impressive delineation and focus. The palate is very well balanced and silky smooth in the mouth. It is tensile and animated, very composed and refined on the finish, perhaps more so than in the 2009 and 2010.*

2009	Château Clarence de Haut Brion <b>Pessac-Leognan Deuxième Vin</b>	595
2009	Château Pape Clément <b>Pessac-Leognan Grand Cru Classé de Graves</b>	625

*Historically one of the oldest vineyards in Bordeaux (having once been owned by Pope Clement, who gets more credit for what he did in Chateaufort du Pape than in Graves), this 700-year old Pessac vineyard has turned out another profound wine under the administration of proprietor Bernard Magrez. A blend of 50% Cabernet Sauvignon, 45% Merlot and 5% Cabernet Franc with a modest 13.5% alcohol, the 2009 reveals considerable structure and tannin along with tell-tale notes of burning embers, scorched earth, graphite, blueberries, blackberries and toasty vanillin, and a full-bodied mouthfeel.*

## France – The Great Bordeaux Reds

### Right Bank

2016	Château Le Puy Côtes des Francs <i>Emilien</i>	195
2014	Château Angelus <b>St Emilion Grand Cru Classé A</b>	1150
2009	Château Bellevue-Mondotte <b>St Emilion Grand Cru</b>	995
<i>This is a tiny jewel in the empire of entrepreneur and quality conscious Bordeaux visionary, Gerard Perse. It is a 5-acre parcel of nearly 50-year old vines planted on pure limestone at an elevation above that of his neighbouring property, Pavie-Decesse, not far from Pavie-Macquin. Bellevue Mondotte is generally a blend of approximately 90% Merlot and 10% Cabernet Franc and Cabernet Sauvignon. Since Perse got control of this estate and renovated the cellars, he has been draconian in reducing yields, which were a mere 22 hectoliters per hectare in 2009. The fruit was picked very ripe and the wine was fermented in oak tanks with malolactic in barrel, aged on its lees (a la Burgundy), and bottled unfinned and unfiltered. At all the Perse properties the wine stays in oak about six months longer than at other Bordeaux estates.</i>		
2010	Château Certan de May <b>Pomerol</b>	465
2005	Château Bourgneuf <b>Pomerol</b>	295
2002	Château L'Evangile <b>Pomerol</b>	650
2009	Le Plus de La Fleur de Bouard, <b>Lalande de Pomerol</b>	565
<i>Take that quality and add additional layers of concentration, power, extract and wood, and you have the 2009 La Plus de La Fleur de Bouard. Only about 500 cases of this 100% Merlot are made. With notes of blueberry and blackberry liqueur intermixed with graphite and spring flowers, this wine is absolutely massive and not for everybody, but it is an example of what a conscientious and driven producer pushing the envelope can do in a satellite appellation such as Lalande de Pomerol.</i>

#### Grappa Levi Serafino

"Grappa Levi" is created from the *vinaccia* of great Piemontese DOC and DOCG wines. Once the grapes have been pressed for their juices, the skins, seeds and pulp (the *vinaccia*) are transported from the hillsides to the Distilleria di Romano Levi, where they are collected and fermented. The *vinaccia* is then distilled in the historic direct-fire copper alembic still—the only grappa still produced using this ancient method of heating. The fully-extracted *vinaccia* is then pressed and sun-dried. The following year, these bricks are used to fire the still, thus completing the energy-neutral system. Meanwhile the grappa is rolled out of the distillery in-barrel, to be aged for up to 12 years before bottling. These grappas are full of character, robust yet aromatic, the Grappa di Romano Levi is best enjoyed neat, from a wine glass, and usually after midday.

2019 Levi Serafino Barolo 20

2018 Levi Serafino Barbaresco 20

*From the appellation of Barbaresco in Italy, this grappa is distilled once from the must of Nebbiolo grapes. It is then aged for four years in old oak barrels. When you let this grappa open up in your glass it truly makes you think of the red fruits of Nebbiolo! It truly evolves constantly in the glass and has such a luscious, rich mouthfeel.*

2018 Levi Serafino Moscato 20

*Produced primarily from vinacce sourced from Dante Rivetti, sweet florals of roses and orange blossom are tempered by a cardamom spice and red and orange citrus with a savoury edge.*

2018 Levi Serafino Bianca 18

2018 Levi Serafino Camomilla 20

*Named in honour of Romano's sister, Lidia who invented this recipe. Heads of chamomile flowers are macerated in the grappa producing rich and delightful notes with a gentle softness on the palate.*
